

# To the Reader:

These two reports fulfill the requirements of Wis. Stat. § 196.196(5)(f) and Wis. Stat. § 196.218(5r). The infrastructure report includes text, graphs, and maps that document investments and technology deployment across the state. As mandated, the infrastructure report specifically contains information on the progress made in the areas of distance learning, libraries, health care, opportunities for persons with disabilities and other persons in the home, and the deployment of Integrated Services Digital Network (ISDN). Appendix A of the report contains Geographic Information Systems (GIS) maps showing geographic locations of specific infrastructure elements and services. A new section has been added that outlines Wireless E911 grant activities. The Universal Service Fund (USF) report illustrates USF programs and expenditures for fiscal years 2003-2005. The report documents expenditures by program and provides maps for grant recipient locations.

General questions on this report may be addressed to:

Gary A. Evenson  
Administrator, Telecommunications Division  
(608) 266-6744  
[gary.evenson@psc.state.wi.us](mailto:gary.evenson@psc.state.wi.us)

Matt Pagel  
Legislative Liaison  
(608) 266-1383  
[matthew.pagel@psc.state.wi.us](mailto:matthew.pagel@psc.state.wi.us)

Specific questions on the report may be addressed to:

## ***Advanced Infrastructure for Designated Purposes***

Duane Wilson  
Program & Planning Analyst
